Subject: Tradebe update

Gary,

As you may know, we received Tradebe's response for our December 15, 2016 information request letter. The response, dated March 20, 2017, included CBI and non-CBI information.

Based on the initial review, we asked Tradebe to submit additional data to clarify some of the issues.

Tradebe requested a meeting to effectively respond some of our questions.

So we would like to have a meeting at their East-Chicago site with their chief engineer on Friday, April 14. This meeting would include a SDS-tour.

After the meeting with Tradebe and SDS-tour, we might be able to come up some kind of conclusive assessment of the exemption issue.

We might also need to have a call with representatives of Region 6 staffs.

Please let me know if you have any questions or suggestions for this.

Jae Lee
